Wallaloo Park genetics are proven to perform throughout Australia and overseas.

Wallaloo Park provides wide ranging genetic packages to wool growers in high rainfall to pastoral zones.

Our breeding policy is to maximize the profit drivers of wool, meat and fecundity in our client's flocks.

## Semen Sire: Maximus Poll

BORN	SIRE	MIC	CV%	SD	%>30	BODY WT
MAY 07	WP 657	18.2	14.7	2.7	0.2	123KG

A Proven sire with 4850 doses of semen sold to 72 ram breeders in 2008/09.

## Semen Sire: WP 306 Poll

BORN	SIRE	MIC	CV%	SD	%>30	BODY WT
MAY 08	Maximus	17.5	14.9	2.6	0.2	108KG

306 displays the virtues of his sire with a bolder crimp.

## Semen Sire: WP 124

BORN	SIRE	MIC	CV%	SD	%>30	BODY WT
FEB 08	Charinga Pearler	18.9	14.8	2.8	0.4	116KG

124 has a large, very correct frame. He carries a very special bold crimping fleece with silky softness and lustre. Ideal for breeding high fleece weights on plain bodies.
